

BUSINESS SUMMER ASSIGNMENT

Brexit and the impact on British businesses.

*Write a brief assignment (500 words) explaining the **possible** impact on the following two companies of the UK's departure from the EU.*

1. **CoffeePot** - CoffeePot is an independent niche market café based in Islington that specialises in organic coffee and upmarket delicacies.
2. **Marks & Spencer** - M & S is a retail store that specialises in clothing and upmarket food. They have stores in many countries including mainland Europe.

Remember in Business we cannot be sure of future events, companies need to make decisions based on the evidence that is available to them.
